

Your decision at a glance

In seven weeks, one person from your organisation builds an **AI-supported review system for technical documentation** with Prof. Dr. Christian Johner – for intended purpose and risk management, on a fictitious sample product, with no programming skills.

Explorer

1 person

€4,990

plus VAT

- ✓ 7 live sessions + assignments
- No workshop
- ✓ Claude Standard, 3 months
- No extension
- ✓ approx. 1¾–2¾ h per week

Power User

1 person · our recommendation

€8,000

plus VAT

- ✓ 7 live sessions + assignments
- ✓ Workshop with Prof. Johner

Transformer Team

3–5 people

€20,000

plus VAT · flat rate

- ✓ Power User scope per person
- ✓ Company session (60 min)
- ✓ Claude Premium, 6 months
- ✓ Extension available
- ✓ approx. 2½–3½ h per week

Your result after seven weeks

- ✓ Working review system with HTML report
- ✓ Validation documentation with benchmark as a template
- ✓ One person in-house who maintains and extends it
- ✓ The results you create belong to your company

Dates and deadline

Tuesdays 10:00 (workshop 13:30), 27 Oct – 8 Dec 2026. Booking until the 50th place is taken, 26 Oct 2026 at the latest.

Ongoing costs

The programme fee is one-off. Optional: Claude extension €450 per person per 3 months, Academy €990 per year, IP package on request.

What you provide

Working time, the names of the participants and IT approval. Forward the IT approval package to your IT team early.

Risks under control

- Sample file only, no documents of your own, no DPA needed
- No training on inputs; processing also outside the EU
- A qualified person makes the assessment
